Smith, 18-year-old son of Mr. and Mrs. Grover Smith, 214 Short Street, McKinney, has arrived at the Naval Training Station at Great Lakes, Illinois to begin recruit training, according to information received here from the Navy Department. The new recruit will be given a series of aptitude tests to determine whether he will be sent for further instruction to one of the the Navy's many service schools or assigned for duty at sea or at some other Naval station.

Commissioners Court Purchases U. S. War Bonds

The Collin County Commissioners Court has purchased $26,000.00 in war bonds, according to County Judge H. H. Neilson and Commissioners Ralph Bedell, George Dalton, J. G. St. Clair and Joe Bunch. The money originated from the sale of county bonds, which were sold at a premium, and was used for the patriotic purpose of buying war bonds to aid in the nation's war effort. The bonds, which were purchased Tuesday of this week, are Series G, Judge Neilson said.

Surprise Attack On Japanese At Salamaua By Allies

In a surprise attack on the unsuspecting Japanese at the garrison of Salamaua, New Guinea Sunday night Allied Commandos, including American and Australian troops, raided the Japanese stronghold, killed at least sixty Japanese and wounded others and created considerable confusion, an official report from Gen. MacArthur's Headquarters revealed Tuesday night. No further details were given.

The Japanese, not knowing where the Commandos came from or where they went after the attack, feverishly started belated attacks on two villages, Mubo and Komiatum in New Guinea, where they thought the attackers came from.

The Allied troops left as mysteriously as they came and not a single soldier was scratched. This was the first time American and other Allied Commandos had been in action against the Japanese in the Southwest Pacific. All previous attacks have been confined to air bombing. It was indicated that more similar action will be taken by MacArthur's men, but the next attack will be in much larger proportion.

Cousin Of Mrs. W. H. Knott Is Casualty Of War

Harold Milburn Harvey, of Dallas, 28 years of age, was killed somewhere in the Pacific, his Mother, Mrs. J. T. Harvey, and sister Miss Mary Voncele, of Dallas, have learned. He was a cousin of Mrs. W. H. Knott of McKinney He enlisted in the service in September, 1940. He was a graduate of the North Dallas High School and had served as a postal employe in Dallas before enlisting. He was a Radio Man Third Class, Mrs. Knott said.

Because men and women seeking government positions or jobs in war industries are required to furnish definite proof of their date and place of birth, a total of 843 birth certificates were issued by County Clerk W. C. Hagy's office in June. Special deputies handle this work, which, he said ,has been increasing for several months. The requests for birth certificates have been received from Collin County-born citizens from almost every State in the Union, Mr. Hagy said.

U. S. Carrier Runs Axis Gauntlet In The Mediterranean

BULLETINS.

The American aircraft carrier Wasp successfully ran the gauntlet of terrific axis air bombers in the Mediterranean Wednesday and landed a large contingent of American and Australian troops and planes at Malta. These forces are on their way to join the British Eighth Army and it is expected a stand will be taken at a point East of El Daba, about 40 miles West of Alexandria. From that position the British and Allies will launch a counter offensive, said latest reports from Cairo. London is greatly concerned about the critical situation in Egypt, but Prime Minister Churchill continues in the belief that the axis advance will be stopped and that Egypt and the Suez Canal will be saved. Meantime American and RAF flyers are heavily attacking axis supply lines in the rear.

◆ ◆ ◆

An air battle between Allied and axis planes over Malta took place Wednesday, ended in victory for the Allies The Allied planes engaged the enemy when they came over to bomb Malta and a fierce dog fight ensued.

◆ ◆ ◆

Rodger Ramey, a Denton, Texas, boy, was in command of the squadron of American planes which bombed Wake Island a few night ago, smashing Japanese bases and supplies. it was announced Wednesday. This was the longest all-water bombing flight made thus far during the war, covering more than 4,000 miles from Pearl Harbor to Wake Island and back. It was regarded as one of the outstanding achievements of the war.

Up to Tuesday night the British Eighth Army in Egypt, augmented by reinforcements from New Zealand, had not engaged the on-rushing axis forces under Marshal Rommel and the invaders had gained 75 miles during the day, said a report from Cairo. The enemy is past El Daba, less than 100 miles from Alexandria. The British, with Free French and New Zealand troops continued to withdraw and where they will make a stand against the invaders was not made clear in late dispatches from Cairo Tuesday night. The axis airmen are now within striking distance of Alexandria itself and it was believed the large squadron of axis paratroops at Crete were also ready for a parachute invasion of the important port on the Mediterranean and gateway to the Suez Canal.

◆ ◆ ◆

Expect Alexandria To Stand.

What effect the loss of Alexandria would have on the British Fleet in the Mediterranean was a subject of much speculation in military circles but it was believed in the best informed circles that this would not force the fleet out of the Middle Eastern war zone, although it would present a problem. Alexandria has not been taken and the British believe it will stand. While the axis forces are driving Eastward toward the Egyptian seaport British and American planes are bombing axis supply lines in the rear and all the time these supply lines are growing longer and longer, making it more difficult for needed supplies to reach Marshal Rommel's men.

◆ ◆ ◆

Japanese Forces Strengthened.

In Southeast China a report from Chungking says that the Japanese have brought to Formosa about 50,000 troops that had been stationed in the Philippiens preparatory to a broad offensive in China. Chinese flyers, however, are attacking important Japanese positions and the Chinese are holding an important section of a railroad which the enemy has been trying for weeks to capture. More American-made planes were said to be enroute to China. They are badly needed, military experts said Tuesday night.

On the Russian front fierce fighting continues in three sectors. The Soviet High Command claims the Germans have lost 100,000 men and great quantities of materials since the fighting began a few weeks ago. In a terrific counter attack Tuesday the Red Army inflicted ever greater punishment on the invaders at Kursk, between Leningrad and Kharkov and the nazis were held in check at Kharkov. The Germans continue to pour in fresh troops and mechanized equipment against Sevastopol but the battered city is in Russian hands. It's fall, however, is considered inevitable.

Clint Thompson, son of Mr. and Mrs. T. J. Thompson of Chambersville, has gone to Seattle, Wash., where he will take a training course before he begins working for the Boeing aircraft corporation. He has been attending a Defense School in McKinney.

Wives, Mothers And Sisters Of Men In Service Organize To Send Gifts To Soldiers Throughout The World

Wives, Mothers and sisters of men in the service, ten in number, held their initial meeting Tuesday night at the home of Mr. and Mrs. Norman Ashley, on North Sherman Street, when they baked and prepared for shipment ten attractive and tempting boxes of cookies for the boys who are serving their country throughout the world. Officers, elected at the meeting, are: Miss Zelma Branch President; Mrs. Gene Crittendon, Vice President; and Jim Scott, Secretary.

The group decided to meet each Monday night at the home of some member, deciding on the gifts to be sent each week. The next meeting, Monday night of next week, will be held at the home of Miss Branch on North Tennessee Street, when they will bring toilet articles, needed by the soldier boys, to prepare for shipment. The ladies drew names of soldier boys and will send a card to the person whose name they drew.

These ladies cordially invite other wives, Mothers and sisters of soldier boys, if interested, to meet with them and have a part in this worthwhile work that is sure to be greatly appreciated by the men in uniform. It is expected the membership will grow rapidly, officers and members said.

Mr. Lovelady attended the funeral which took place at Amarillo. He is the only brother left, five others having preceded her to the grave. She is survived by her husband, J. C. Vance, and ten children: Mrs. Ben G. Wood, Kansas City: Mrs. R. J. Standish, Los Angeles; Mrs. J. W. Randall, Panhandle; Mrs. Charles Gratten, Glendale, California; Mrs. Roy McGee, Amarillo; Jesse J. Vance, Amarillo; E. M. Vance, Reno, Nevada; M. L. Vance and Troy F. Vance, both of Panhandle; Lloyd C. Vance, stationed at Fort Knox, Ky; a brother, Lee Lovelady, of McKinney; two sisters, Mrs. Jane Frazier, Heber, California, and Mrs. J. L. Stone, Bartlesville, Oklahoma, sixteen grandchildren and ten great-grandchildren.

Mrs. Vance was married in McKinney March 18, 1880. She was born in Trinity County, November 7, 1862, coming to Collin County when a girl and lived first in the Altoga Community and later in McKinney. She and Mrs. Vance left here about thirty years ago for Amarillo. She was a member of the Presbyterian Church, being active in the Ellwood Church at Amarillo for many years .She had visited her brother in McKinney several times and was well known in this city and in the Altoga Community in Northeast Collin.

Sister Of McKinney Man Is Patient In Dallas Hospital

Mrs. W. P. (Pat) Condler Of Dallas, Formerly Of Farmersville, Has Limb Amputated; Holding Her Own In Dallas Hospital.

J. A. Smith of McKinney has been attending the bedside of his sister, Mrs. W. P. (Pat) Condler of 1459 Richmond Street, Dallas, who is a patient in St. Paul's Hospital. Mrs. Condler, who had a limb amputated at her knee a year ago, had her left leg amputated Friday of last week. She has been suffering from arthritis for some twenty years. Mr. Smith was accompanied to Dallas by his grandson, Alston Lee Davis, of Houston, who is here visiting his grandparents. He will spend a week visiting his aunt, Mrs. W. T. Blooldworth, in Dallas.

Mrs. Condler formerly lived in Farmersville and has many friends in this city and county.

COL. DAN CUPID SLIPPING; ONLY 33 PERMITS TO WED ISSUED IN JUNE IN COLLIN

Col. Dan Cupid seems to be slipping.

During June, the month of brides, thirty-three marriage licenses were issued by County Clerk W. C. Hagy, as compared with thirty-nine the previous month. In June last year thirty-four licenses to wed were issued, his records show.

Mr. Hagy accounts for the decline in wedoings by the fact that so many young men of marriageable age are now in the armed services.

S. Kissinger Shows Potato Grown In Victory Garden

S. Kissinger, who has been cultivating a fine Victory Garden at his home, 905 West Erwin Street, brought to these Editors some fine samples of Irish potatoes he had just grown. One of them weighed a full pound and all of them were nice and solid. Mr. Kissinger is also growing lettuce, balckeyed peas and other vegetables common to this area. His Victory Garden has been a great success.

Collin Soldier Is Promoted

Another Collin County boy in the service has been promoted. James E. Kiser, son of Mr. and Mrs. J. F. Kiser, who live on Route 3, McKinney, has been promoted from Staff Sergeant to Technical Sergeant, according to word received from Army Air Force Officials at the Army Air Base at Blythe, California, where young Kiser is stationed. He has been in the service for the past four and a half years.

Mr. and Mrs. L. Z. Pruett and daughters, Nancy Jo, Thelma and Lugena, of Handley, are visiting Mrs. Pruett's parents, Mr. and Mrs. Tom McMillen at Allen.

Mrs. R. B. Tilton of Blue Ridge was in the county seat Tuesday and called by this office at which time she ordered the Weekly Democrat-Gazette sent to her son, Pfc. Clyde Tilton, who is with Co. I, 163rd Infantry U. S. Army. The last time Mrs. Tilton heard from her son he was in Australia. However, she sends the paper to him care Postmaster, San Francisco, California.

Collin Youths In Army Will Vote In Year's Elections

Collin County men of voting age who are in the armed services will be given an opportunity to vote in the Democratic Primary July 25. If they request absentee ballots they will be sent to them by County Clerk W. C. Hagy. Mr. Hagy said the ballots are now being printed as authorized by the County Democratic Executive Committee. W. C. Dowdy, County Chairman, said the ballots will be ready Tuesday, July 7.

In connection with the coming Primary, Mr. Hagy said all Collin County candidates must file their second report and expense accounts by July 13 and the final expense account for the first Primary must be filed July 27, two days after the election. This applies to all county and precinct candidates and to those running for office as representative from Collin County. State candidates file their expense accounts at Austin.

All voters who expect to be out of the county on election day, July 25, should apply for absentee ballots at the County Clerk's office after Tuesday, July 7.

Mrs. R. L. Miller of Princeton is a new subscriber to the Weekly Democrat-Gazette. We are happy to place her name on our mailing list.

T. E. Burnside and wife have returned home after a several days' business trip to Houston and Galveston. Mr. Burnside reports Texans greatly interested in the war effort everywhere they went, with soldiers guarding important plants and objectives. Their many friends are pleased to see them home again.

Scouts Of Collin County To Hold Water Carnival

A large number of Boy Scouts, representing most of the sixteen Troops in Collin County are expected to compete in the various acquatic events in the Water Carnival to be held Friday night, July 3, at the Municipal Pool in Finch Park.

Mrs. Bryan, who has been staying with her parents at Commerce, will accompany her husband to California.

COLLIN FARMERS DONATING RUBBER FEED, WATER TROUGHS IN DRIVE FOR SCRAP RUBBER

Another incident has come to light showing how Collin County citizens are willing and anxious to cooperate with the Government in its war effort. In the collection of scrap rubber, local oil company officials reported that a number of rural residents have sent in pieces of old automobile tires which had been made into feed and water troughs for their chickens. These old pieces of rubber were found to be ideal material for troughs as they prevented waste of both feed and water. At the farms where these were in use, the rubber has been given to the Government and wooden troughs were made to replace them.

A large percentage of the scrap rubber collected so far has come from the rural districts, the oil men report. They explained that on many farms old, worn-out equipment on which rubber formed some of the parts has been found in barns and other outbuildings and large quantities of rubber have been accumulated in this way.

"When a farmer gives up his chicken feed and water trough" said one oil official, "he is not just giving old rubber. He is depriving himself of useful farm equipment, which he must replace with wooden troughs."

Get Schooling If You Want War Time Job

Pointing out that more than 80 percent of all jobs in Texas war industries are filled by workers who have had specialized training, W. M. Vanlandingham, manager of the McKinney office of the United States Employment Service, urges people in this area who wish war plant jobs to apply for the necessary schooling in the free war industry training schools.

"Most of the war industry jobs" said Mr. Vanlandingham, "are entirely new to Texans. Special pre-employment training is necessary before the employer will hire people to fill them. This training is provided to both men and women free of charge by the War Industry schools. There are openings now in these schools, and local people should investigate them through the Employment Service which selects and refers all trainees."

The schools, operated jointly by the state and federal government in cooperation with the public school system, provide courses to prepare workers for aircraft, shipbuilding, munitions and other jobs in which there is or will be a heavy demand. It is virtually impossible to get one of these jobs without this training, which has already landed thousands of workers in good paying war jobs.

Machine Shop, Aircraft Engine Mechanic, Aircraft Sheet Metal (including Riveting), Drafting, and Inspection are the courses offered. This training is open to men between 18 and 65 years, and to women between the age of 18 and 45. The demand for women workers, who can fill most of these jobs, is increasing.

Mr. Vanlardingham stressed the fact that the training is entirely free, the only cost to a trainee being that he must support himself during the six to 12-week training period. Even this is not true in some cases, since boys and girls from 17 to 24 years old may be assigned to National Youth Administration war work centers where they will be boarded and paid a small wage while training.

The War Industry Schools are operated on a 24-hour basis so that all equipment can be constantly used and to provide training at all hours of the day and night for trainees who must work while receiving their training.

Mr. Vanlandingham urges that any one in or near McKinney who is interested in entering a training class in the subjects listed, contact him at the United States Employment Service located at 209 North Kentucky Street.

Congress Approves $42,800,000,000 Appropriation

Passing a number of important appropriation bills in a last-minute rush Tuesday, the last day of the Government's fiscal year, Congress approved the history-making appropriation bill calling for expenditures for the Army of $42,800,000,000.00, (billions) pared down the amount asked by the OPA, but did not take final action; completely cut off the appropriation for the Civilian Conservation Corps and considered ways of obtaining more taxes.

As the fiscal year started Wednesday, Congress was compelled to make temporary arrangements to operate several departments until appropriation bills can be passed.

35,000 Pounds Of Rubber Donated At Sportatorium

At the Sportatorium in Dallas Tuesday night well known wrestlers gave their service free of charge and admission to the matches was by scrap rubber instead of the usual cash admission fee. After the match it was announced that 35,000 pounds of rubber was collected. There were six thousand fans in the audience, one of the largest crowds to attend a wrestling match at this place of amusement in a long time.

Country Doctor, Who Made Calls In Wagon, Dies At 82

Dr. Raymond Park Harben, 82, a North Texas country doctor who began his practice at Richardson fifty years ago, died Sunday at his home in Sherman after an illness of almost two years.

Dr. Harben's reputation was listed among those who attended to all ailments of mankind before specialists were known. A horse or wagon was his only means of transportation when he started his career as a young man. Later, he was one of the first owners of an automobile in Dallas County and often recalled the numerous times he had been pulled backward out of a snowbank in bad weather.

Many times his family watched him depart on emergency calls sitting aboard the front portion of a wagon stripped down in order to negotiate bad country when roads around Richardson were scarce.

After twenty-four years there, Dr. Harben left Richardson and moved to Dallas. He was active until illness forced his retirement. He was a member of the Cumberland Presbyterian Church, Odd Fellows Lodge, Knights of Pythias, the Dallas County Medical Society and the Texas Medical Society. Dr. Harben was a native of Georgia.

Surviving are his wife; four sons, O. H. Harben, Dallas; Sam P. Harben and Jess M. Harben, Richardson, and Charles H. Harben, Corpus Christi, and four grandchildren.

Funeral services were conducted at 10:30 a. m. Monday in the Guardian Funeral Chapel by the Rev. A. D. Rudolph. Burial was in Restland Memorial Park with the following pallbearers; Will Stratton, John Blewett, Herbert Bishop, Jack Stults, Walt Fender and Emery Huffines.

WHITE-ALLEN.

Miss Martha Lou Allen, daughter of Mr. and Mrs. Geo. Allen of Princeton and Lt. Homer Dalton White of Eastland, were married at the home of the bride Saturday night, June 27. The ceremony was performed by Rev. Brantly with members of the immediate families present.

The bride was attended by her sister, Mrs. Avery Williams, while Morris White acted as his brother's best man. Miss Allen is a graduate of the Princeton High School and attended NTSTC at Denton. The groom is a graduate of the Cisco High School and John Tarleton College of Stephenville. He received his wings in the U. S. Air Corps from Victorville, California, army air school June 23.

Out of town guests were Mrs. H. D. White, Sr., Mother of the groom; Morris White of Eastland, Mr and Mrs. Charles Capers of New Orleans, uncle and aunt of the groom; Mr. and Mrs. Sam Monroe and Mr. and Mrs. Will Monroe of Dallas, uncles and aunts of the bride.

After a brief honeymoon in Texas they will go to California where he will report to the U. S. Air Corps for further instructions.

Miss Emily Frances McCollum of Kansas City., Mo., is visiting Mr. and Mrs. Mack Dunn, North of McKinney.

Mr. and Mrs. Frank Blackwell of McKinney and Mr. and Mrs. John Merriman of Plano were guests of Mr. and Mrs. W. A. Williams East of McKinney Monday night.

Mrs. O. W. Roberts of Austin will receive the Big Weekly Democrat-Gazette through the kindness of her uncle, J. S. Lindsey of Melissa, who gave us his subscription for his niece. Mr. Lindsey has long lived at Melissa. We greatly appreciate his subscription and we hope that Mrs. Roberts will enjoy reading the Big Weekly.

With malice toward none, with charity for all, with firmness in the right as God gives us to see the right.—Abraham Lincoln.

More dough for the doughboys. That's great. If anybody earns every cent they make, certainly they do.

When thou dost lend thy brother anything, thou shalt not go into his house to fetch his pledge.—Deuteronomy 24-10.

It is one of the most beautiful compensations of this life, that no man can sincerely try to help another without helping himself.—Shakespeare.

TEN THOUSAND TO ONE.

"Never before in all history has so much depended on the man behind the gun. His battle lines are production lines; his weapons are the tools of his trade . . . whatever quantities are asked he must strive to exceed. His is the colossal task of changing 'too little and too late' to 'an abundance and on time.'

"There is an exaltation in mortal combat that drives men to heroic deeds. Medals of honor and a nation's gratitude justly reward their courage. For every hero so honored there are 10,000 unsung heroes in the battle of production. They are the men and women who toil without the spur of conflict in absolute devotion to freedom's cause. They are the builders of victory.

"Final triumph will be won by the side that works hardest and produces the most. If all America matches the unrelenting efforts of the aircraft industry there can be no doubt which side that will be. Are your sleeves rolled up? Have you the right to consider yourself one of the ten thousand to one?"—Donald W. Douglas, President, Douglas Aircraft Co.

THE PEACE THAT IS TO COME.

While we fight a war, we must also plan for the peace that is to come, says the Stephenville Empire-Tribune. When the last shot is fired, this nation will face problems as vast, as difficult and as vital to its survival as those posed by the war itself.

On the credit side, we will have a productive machine greater than that of all the rest of the world combined—a machine which will be unparalleled in efficiency as well as in size. On the debit side, we will have a national debt of over $200,000,000,000, and interest payments alone on that debt will amount to some $6,000,000,000 a year. That debt can be serviced, and gradually reduced, only if our national income holds to levels unknown before this war began. And such income can be secured only from private enterprise—from the earnings of industry and the individual—not from government spending.

When the war ends we will have, on the one hand, a colossal bureaucracy built up during the war. We will have, on the other, the incredible resources and installed capacity developed by private enterprise. And then the great test will come. If democracy and freedom are to survive the peace, if the American standard of living is to again rise to ever-greater heights, that system we call private enterprise will have to be freed of all the restraints and controls the war emergency made unavoidable.

We cannot progress in the future with a philosophy of scarcity. We cannot proggress and meet our obligations if super-government is perpetuated and competes with private enterprise in many lines of endeavor. We can progress if, and only if, the enormous energies of the American people and American industry are completely released and encouraged to produce—then they can pay the needed taxes to keep this country solvent.

In a famous address, Vice-President Wallace said that the post-war era must be the era of the common man. And that can have only one meaning. It must be the era in which all men are not only permitted but encouraged to go as far and as fast as their abilities and energies can take them, undeterred by the dead hand of bureaucracy. It must be the era of true freedom for all people everywhere.

This country is the leader in producing for war. It must also be the leader in producing for peace. All over the world, hungry and destitute people, living in ruined lands, will want and need what our American factories can provide. The salvation of the world will lie in more trade, more production—and more free enterprise.

The problem of the debt is not simply a problem in economics. It is a problem in philosophy as well. If it is faced in the typical American manner, and all private capital is encouraged to go to work and create maximum production, it can be solved. If it is faced in the manner of the totalitarian states, and more and more power is seized by government, accompanied by more and more public debt, leaving the people with less and less freedom of action, it can never be solved. Then we would have truly lost the war, entirely aside from the military decision reached.

After this war, free enterprise in America will be in a position to make an unprecedented contribution to the well-being of our own people and the peoples of all other lands. It will be in a position to raise the general standard of living to unprecedented heights. If we have faith in this country, if we understand this country and all it stands for and all it is now fighting for, that will be done.

News From War Front

The nazis for the first time announced a full scale drive was underway in South and Central sectors of the Russian line and Moscow admitted that fresh troops are still being thrown into the offensive at both Sevastopol and Kharkov. The situation at Sevastopol is said to be serious but the port holds. The Red Army has made vicious counter attacks at Kursk, South of Moscow, driving the nazis back for some distance, but fierce fighting continues all along the front down to the tip of the Crimean Peninsula.

The situation in the Pacific is being closely watched, all along the entire 5,000-mile front. The Japanese are expected at any time to attack Siberia and are only waiting for the outcome of Hitler's Russian campaign.

There was little change in the situation in China Wednesday. Fighting continues on two fronts in Southeast China. The Chinese increase their aerial activity and more American planes are said to be arriving Wednesday. The Japanese at Salamaua, New Guinea, have not gotten over the shock of the attack of American and Australian Commando troops Sunday night. This was the first land attack by the Allies in that region. The Commandos left as quietly as they came. The Japanese are wondering where they came from.

The "seasaw" battles on the Russian front continue, with no particular gains on either side, but the Soviets claim their losses are far less than those of the nazis. At one point the Red Army left a gap for the Germans to enter and then closed it after the enemy was trapped and the entire number was annihilated.

A few local successes by the Chinese were reported in Southeast China, where the Chinese used their American-made planes again to good advantage.

RAF planes numbering about 300 blasted German objectives in occupied France, Holland and Belgium Monday night and returned across the channel without a casualty.

American and Australian planes again made a round of the Japanese bases on islands of the Southwest Pacific Monday night. One Japanese cruiser was sunk and great damage done to air and marine bases of the enemy, said a report from Gen. MacArthur's Headquarters.

An American Red Cross relief ship has been loaded and is ready to sail for the Orient with food and medical supplies for American prisoners held by the Japanese. The ship will bring back supplies for Japanese in this country. The ship will make regular trips from now on.

Attorney General Biddle Tuesday promised swift action against the eight German spies and saboteurs and their accomplices arrested in New York. They may be tried before a military court. It is possible they will face a firing squad.

General MacArthur in Australia announced that all was quiet in the Southwest Pacific. He attributed the slowdown of Japanese preparations for invasion of Australia to the severe losses sustained by the enemy sea and air forces at Midway, as reported by Admeral Chester Nimitz.

The FBI is rounding up more accomplices of the eight enemy agents who were captured in New York over the week-end, J. Edgar Hoover, Chief of the FBI announced. "We know the identity and whereabouts of all of them," he said.

A report from London said that a million Jews have been slaughtered by Hitler in his purge since the war started.

In occupied France a train bearing French officials who are collaborating with the Germans, was dynamited by French patriots.

In Southeastern China the Japanese have launched a vicious counter attack to regain the important railroad junction which was taken back by the Chinese over the week-end.

Both sides claim victories in the fighting in three sectors on the Russian front Monday and the battles rage at Savestopol, Kharkov and near Kursk, South of Moscow. The Germans are digging in to hold their gains near Kharkov, where the Russians are on the offensive.

While boys 18 and 19 years of age who register Tuesday will not be subject to military duty yet it was announced at Washington that all youths who have reached 20 by Tuesday may be called soon.

German forces on both Sevastopol and Kharkov fronts were completely stopped Saturday, Moscow reported.

Five Japanese planes were put out of commission when the enemy attacked Rabaul again Friday, reported General MacArthur's Headquarters.

Upon his arrival home, Prime Minister Churchill told his people that the outlook for victory is more encouraging than at any time since his first conference with President Roosevelt in the mid-Atlantic last August. He added: "We rejoice in the magnificent resistance, being put forth by Russia and China."

Bad weather prevented heavy British bombers from conducting a bombing expedition on German-occupied countries Sunday night. A squardon of light RAF planes flew over the Channel and blasted a German submarine base. Two British planes were lost, but great damage to the submarine base was inflicted.

A small group of German bombers dropped incendiary bombs on a small city in England Friday night but were driven off. Two enemy planes were shot down. The damage done to the city was slight, a London communique said.

King George and Queen Elizabeth Friday for the first time saw the American forces in action in Northern Ireland. They watched the Americans go through their maneuvers and were astounded at the fighting power of the Americans, they said. These troops, when they launch the invasion campaign in Europe with the British, will be the best equipped soldiers ever sent to battle in any war.

President Roosevelt gave out production figures which he said would not be welcome news to the axis. He said during April 4,000 planes, 1,500 big tanks, 100,000 guns, including 2,000 anti-tank guns and also 50,000 machine guns were produced in the United States. "We have beaten our production schedule," he said, "and now we must win in shipping."

Information Is Given By Mark McGee

State and county officials whose duties make them eligible to apply for tire purchase or recapping certificates were reminded today by Mark McGee, Texas OPA administrator, that they became ineligible if their tires are used for non-official purposes.

"Reports are coming to this office from many sections of the state that the cars of sheriffs, deputies, constables, and other eligible cars have been seen at political rallies, loaded with passengers who obviously were not on official business, "Mr. McGee said.

"Under a strict and patriotic interpretation of tire rationing rules, we must ask for the cooperation of all such public officials, and request them not to take advanage of public office and official eligibiliay for tires by using those tires for such a purpose."

Mr. McGee already has appealed to political candidates in the five most heavily populated counties of Texas to forego political rallies this year, in order to conserve tires. In at least three of those counties—Tarrant, Dallas, and Travis Counties— the candidates have agreed.

Mrs. Roy Lyall of Dallas is visiting her parents, Mr. and Mrs. N. D. Ready in this city. While here Mrs. Lyall underwent a tonsil operation in the Wysong Clinic, from which she is improving nicely.

Livestockmen And Families Enjoy Barbecue Feast

Collin County may hold a livestock show in McKinney in October instead of the usual Free Fair, but final decision will be reached at the July meeting of the Collin County Pure Bred Livestock Association, according to action taken Saturday at the June meeting of the organization held at the beautiful farm home of Mrs. Ammie Wilson, West of Plano. Members of the Association and their wives had been invited to an elaborate barbecue feast by Mrs. Wilson and about sixty attended. It was one of the finest feasts ever enjoyed by the livestockmen and their wives and everyone praised Mrs. Wilson as one of the most gracious hostesses in the county.

Following the feast, which included all kinds of barbecued meats and accessories, a business session was held, at which Joe C. Moore of Melissa, President of the Association, presided.

In view of the fact that the officials of the Collin County Free Fair Association had decided not to hold a fair this year on request of President Roosevelt that all fairs be abandoned for the duration of the war, the livestockmen discussed the holding of a livestock show instead. A committee was appointed by President Moore to go into the matter and report back with recommendations at the July meeting. The invitation from the three Haggard Brothers, who operate large cattle and sheep ranches West of Plano, to hold the next meeting and outing on one of these ranches, was accepted.

Comprising the special committee which will look into the matter of holding a livestock show in the fall were Joe Wilcox, McKinney; G. D. Coltharp, Plano; W. T. Dungan, McKinney, Joe C. Moore, Melissa; Mrs. Ammie Wilson, Plano; Clyde Haggard, Plano; Marshall Carter, McKinney, and W. W. Cooley, Melissa.

CARD OF THANKS.

We wish to express our thanks and appreciation to our many friends for their kindness and sympathy shown during the passing of our dear husband and father.

Passes Away

FRANK GRUNDY DOWELL

Funeral Services Held Sunday For Frank G. Dowell

One of the most largely attended and impressive funerals held in McKinney was that of Frank Grundy Dowell, pioneer Collin County citizen, who was buried in Pecan Grove Cemetery Sunday afternoon with Masonic honors. Services were conducted at 4 o'clock at the Crouch Funeral Chapel by Dr. R. A. Clifton, Pastor of the First Baptist Church. A profusion of beautiful flowers, sent by person in all walks of life attested to the high esteem in which he was held. His sudden passing at his home on West Virginia Street Friday morning came as a great shock to the community, where Mr. Dowell was born and where he spent his entire life as a useful and beloved citizen.

Pallbearers were: J. Ollie Smith, Jack Dowell, Homer Dowell, Ross Johnson, J. M. Foster, Gabe Kerby and Tom W. Perkins, Jr.

Mr. Dowell had been an active member of the First Baptist Church for many years and was also active in Masonic circles, being a member of St. John's Lodge No. 51, A. F. & A. M., a Scottish Rite 32nd Degree Mason and a member of Hella Shrine Temple of Dallas. McKinney Masons assembled at the Masonic Temple Sunday afternoon and attended the funeral in a body, holding impressive Masonic services at the graveside, in charge of W. G. Proctor. The Masons serving as pallbearers were: Frank Blackwell, W. Sims Cameron, A Blaine Smith, R. P. Jones, Tip McCarley and H. Boone Johnson.

Born West of McKinney on the old Dowell farm April 9, 1878, the son of Mr. and Mrs. W. R. Dowell, pioneers of Collin County, Mr. Dowell had been prominent in the business and civic affairs of this city and county practically all of his life. He was engaged in the real estate business for many years and for a number of years was connected with the McKinney Realty Company. His parents and two brothers, W. R. Dowell, Jr., and J. McCarty Dowell, preceded him in death.

He was twice married, his first wife being Miss Alice Smith, daughter of Mr. and Mrs. Monroe Smith, who passed away more than twenty years ago. His second wife, who survives, was formerly Mrs Cordelia Largent Morton. In addition to his wife, he is survived by one son, Frank G. Dowell, Jr., who is in the Army, stationed at Fort Francis E. Warren, Wyoming, who arrived home Sunday for the funeral, and a daughter, Mrs. Sewell Franklin of McKinney; one step-son, E. W. Morton, Jr.; three brothers, Jim P. Dowell, A. M. Dowell and Jab Dowell, all of McKinney, and five sisters, Mrs. Jim Taylor, and Mrs. Ben Hill, McKinney; Mrs. J. J. Brooks, Dallas; Mrs. J. B. Naylor, and Mrs. Walter Reese, Waco.

Texans Members Crew Of Steamer Sunk In Gulf

Seventeen Texans were among the crew of thirty-three who lost their lives when a United States merchant ship was sunk in the Gulf of Mexico, the Navy Department reported Sunday. The report said two other Allied ships were sunk more than a hundred miles off the Atlantic Coast. The sinking of a medium-sized American merchant ship in the Gulf was the first one in which the entire crew was lost. The ship sank in a few minutes and the crew did not have time to escape in life boats. The total number of Allied ships sunk in the Atlantic and adjacent waters since Perl Harbor now stands at 320, according to unofficial tabulation.

Mrs. J. R. Byars of Princeton was in the city Saturday and while here subscribed for the Daily Courier-Gazette, for which she will please accept our thanks.

Mrs. Loyd Garrett has subscribed for the Daily Courier-Gazette to be sent to her son, Sergeant Kerby C. Garrett, who is stationed at Camp Bowie. Kerby is another Collin County boy who early enlisted in the service of his country.

Opportunity For Married Men In The U. S. Navy

A warning against being lulled into a false sense of security by all the talk about deferment of married men from selective service was issued this week by recruiters at the Sherman U. S. Navy recruiting station. Many draft boards have already called practically all single men, the recruiters pointed out, and they must fill their future quotas from the list of married men.

A large number of married men have been enlisted in the U. S. Navy since the outbreak of the war, many because they saw in the Navy an opportunity to serve their country, yet obtain a sufficiently high rate of pay to properly care for their families; others because they knew they were soon to be drafted and preferred the Navy to other branches of the service.

The Navy's policy of placing men in jobs for which civilian training qualifies them and of paying in proportion to ability has made the Navy especially appealing to men with dependents. The attractiveness of this Navy policy is still further enhanced by the recently enacted pay increase bill and the dependency allowance bill, the recruiters pointed out. The combination of the two together with bonuses and food and clothing allowances now make it possible for a man skilled in certain trades to make more money in the services of his country than he has been making as a civilian.

Russell W. Bryant, second-class yeoman at the Sherman station has laid out a recruiting itinerary for the convenience of persons interested in enlisting in the Navy and will be at the following places each week until further notice.

Tuesday, McKinney postoffice: Wednesday, Gainesville "Victory House;" Thursday, Denison Post Office, and Saturday, Denton Post Office.

The following men were enlisted in the Navy through the Sherman recruiting office the past week, it was announced:

Apprentice Seamen: Clifford Spearman Dobbins, McKinney; James Owen Hollingsworth, 51 Parnell St., Denison; James Charles Nichols, Leonard; Glenn Eugene Stapleton, Whitewright; Antonio Guervara, Jr., 1411 N. Harrison, Sherman; Gerald August Stelzer, Muenster; Ferdinand Clem Luttmer, Muenster.

Joe Frederick Teague, 1118 N. Harrison, Sherman, was enlisted for Naval aviation; and the following were enlisted in the construction regiment: Allen Tatum, 400 N. Rev. And Mrs. L. C. Greer Moving To Henrietta, Texas

Mr. and Mrs. W. A. Jackson of this city spent the week-end in Sanger, guests of their son-in-law and daughter, Rev. and Mrs. L. C. Greer. Rev. Greer has been called to the First Baptist Church of Henrietta and will preach his first sermon there the first Sunday in July. He has been Pastor of the Sanger Church for seven years and has done wonderful work there. During his pastorate more than 300 people have united with the church. Soul winning is upppermost in his preaching and in his every day living. The Sanger Church is free of debt. Some three thousand dollars have been spent in improving the church property and the church budget has been doubled.

Rev. Greer has been County Moderator of that County for several years and is Past President of the Lions Club, being a leader in civic and social activity.

Mrs. Greer is the former Miss Beatrice Jackson of this city and is active in church affairs. She is a great help to her husband in his work. She is director of the choir of her husband's church, President of the County Young People's work and teaches a class of ladies in the Sunday School.

Rev. and Mrs. Greer are well-known in McKinney, where they have many friends who wish them continued success in their work in Henrietta, Texas.

Adrian V. Brown, McKinney Man, In Naval Air Force

Adrain Vendy Brown, son of C. H. Brown of McKinney, graduate of McKinney High School, who has been in the Naval Air Force since October, 1941, has just completed his training and is now an Aviation Machinist's Mate. He had entered the Navy as Seaman, Second Class and took his training at the Naval Air Training Station at Seattle, Washington. Adrian Brown was employed in the office of these papers. He graduated from the High School in June, 1941.

Lt. O. C. L. Todd, of the 90th Division, Camp Barkeley, spent last week-end with his parents, Mr. and Mrs. C. A. Todd in the Donna community.

Enlist In U. S. Army Air Corps

JAMES ASHLEY

CHARLES SIMPSON

James Ashley, son of Mr. and Mrs. Norman Ashley, and Charles Simpson, son of Mr. and Mrs. O. K. Simpson, of McKinney, have enlisted in the United States Army Air Corps, in Dallas. The young men were sent to Camp Wolters for preliminary training. Mr. Ashley already has been transferred to another field for special training, while Mr. Simpson continues at Camp Wolters.

Mr. Ashley who attended school in McKinney, has been connected with the Texas Power & Light Company, first in McKinney and later in the Dallas office, and has been making a splendid success with that company, being held in high esteem by company officials and co-workers.

He expects to be transferred to Sheppard Field.

Mr. Simpson is a 1940 graduate of the McKinney High School. Both young men are well-known and highly regarded by a host of friends.

The many friends of these McKinney young men admire them for their patriotism and their readiness to volunteer their services to their nation and wish for them happiness and success in their army life.

Messrs. Ashley and Simpson have been close friends since childhood days and had a desire to volunteer their services at the same time in the same branch of Uncle Sam's forces.

INFORMATION ABOUT THE COTTON FLEA HOPPER IS GIVEN BY COUNTY AGENT

County Agricultural Agent Jack McCullough gives the following information regarding the cotton flea hopper and how to exterminate the pests:

1. Examine weekly the terminal buds, beginning when cotton plants have 6 to 8 leaves.

2. If flea hoppers are present in damaging numbers, small blackened, dead squares less than one-quarter inch in size will be observed, also young flea hoppers in the terminal buds will be seen.

3. Dusting should be started when flea damage is observed on one plant out of ten consecutive plants examined, or when 20 flea hoppers are present on the terminal buds of 100 consecutive plants.

4. Use 10 pounds of dusting sulphur per acre applied early in the morning before the wind rises, regardless of dew. This rate is suficient for small, young cotton. Large cotton requires 12 to 15 pounds per acre.

5. Sulphur should be applied at weekly intervals until squares one-quarter inch in size are numerous. Sulphur will continue to be effective for a week if not washed off by rain.

6. Two to three dustings should set a crop of squares. More dustings may be required if showery weather prevails.

7. Sulphur dust will kill flea hoppers within 24 hours after applying if not washed off by rain.

8. Flea hoppers usually attack young, rapid-growing, tender cotton, and are not so likely to be destructive on slow-growing or heavily fruited cotton.

9. When sulphur is needed contact the McKinney Oil Mill.

Rotary Installs Officers For The Year At Luncheon

Before the McKinney Rotary Club installed officers for the year Friday noon at the weekly luncheon of the Club at the First Methodist Church. Kenneth Parker of Frisco, Life Boy Scout, holding the highest honor obtainable in this council, made a talk on Scouting and told of his recent two weeks' outing on the famous philmont Ranch in New Mexico, where he was sent to represent this Council. The ranch was given to the Boy Scouts of America by a wealthy oil man of Tulsa, Oklahoma and hundreds of Boy Scouts, who make the required records in Scouting, enjoy vacations on that beautiful reservation. Kenneth was introduced by Truman Wester, Scout Field Executive of this area.

Two other visitors were extended a cordial welcome, Fred Dickenson, who was formerly with the Post Office and these papers, who is in the Navy, stationed at Corpus Christi, and who was a guest of Postmaster Don O. Davis, and Ensign Richard G. Dowell, formerly of this city, who was a guests of Jack R. Ryan. Ensign Dowell graduated from the U. S. Naval Academy in June after a three-year course. He is the son of Capt. John Dowell, formerly of McKinney, who is stationed at Pearl Harbor, in charge of the ammunition depot. These two guests also made short talks.

Officers for the year then installed by the Rotarians were:

Dr. M. S. Minton, President.

Lyman D. Robinson, who has just retired as President, First Vice President.

A. M. Scott, Jr., Second Vice President.

Henry W Warden, Treasurer.

H. H. Neilson, Secretary.

Directors installed were: A. H. Eubanks, Jr., A. M. Russell, H. H. Neilson, Dr. M. S. Minton, Lyman D. Robinson, Jim Cantrell, Ramsey Harris, Henry W. Warden and A. M. Scott, Jr.

Large Contingent Of Marines Arrives In S. W. Pacific

While no details were given as to the size of the force, it was officially reported Sunday that "a large contingent of Marines" had arrived somewhere in the Southwest Pacific. Military observers were inclined to believe the Marines are in Australia to join Gen. Douglas MacArthur's forces in a broad offensive against the Japanese from the Southwest Pacific all the way to Japan itself. Over the week-end American and Australian bombers blasted Japanese bases on New Britain, New Guinea and the Solomon Islands, again playing havoc with enemy air and marine bases. The heaviest raids were made on Lae and Salamaua on New Guinea, Northeast of Australia.

Horace Parris was here from Parker Saturday transacting business.

Pvt. Horace Hankins, who is in training in Sheppard Field, Wichita Falls was home last week-end for a visit with his parents, Mr. and Mrs. E. B. Hankins. Horace has been in the service about a month.

Mrs. Uel D. Crosby and children, Ruth Marie, Nancy Lou and Uel D., Jr., of Canadian, Texas, are visiting their grandparents, Mr. and Mrs. Tom Bailey. Mrs. Crosby's husband is Pastor of the Methodist Church at Canadian.

GROVER BRIDGES ROUNDS OUT 30 YEARS WITH THE TEXAS ELECTRIC RAILWAY

Retires July 1

After thirty-two years of faithful service, thirty years of that time with the Texas Electric Railway, Grover Bridges, well-known McKinney citizen, retired from active duty with that company July 1, he informed us Tuesday. For two years, he was with the M. K. & T., and the H. and T. C., then joined the Texas Electric Railway and has been connected with them since. He began as a Section Laborer, working up to Assistant Superintendent and for the past ten years has been in charge of the Bridge and Building Department.

During his connection with the company, he has worked on the line from Denison to Dallas, through McKinney. He recalls that the interurbans have hauled three generations during his period with the company. When he assumed his connections with the company, girls who rode the interurbans then now have grandchildren riding the interurbans. Numerous changes and improvements have been added from time to time to add to the convenience of the patrons.

Mr. and Mrs. Bridges live at 601 North Kentucky Street and will continue to live here, after his retirement. They have three children, all of whom are married and live elsewhere: Leonard Bridges, who with his wife and daughter, Janice Kay, are moving Tuesday from Dallas to El Paso, Mr. Bridges having been with the Western Weighing and Inspection Bureau of Dallas; Mrs. Leon Lindsey, whose husband is manager of the University Park filling station in Dallas, and Mrs.

GROVER BRIDGES

C. H. Harris, whose husband is in war work in Mobile, Alabama. They have one son, Jimmy.

Mr. Bridges is a native of Collin County, and was born East of McKinney, son of the late Mr. and Mrs. W. R. Bridges, pioneer Collin County couple, who came here in 1879 from Kentucky.

Mr. Bridges is among McKinney's best-known and honored citizens and McKinney citizens will be glad to learn that they are continuing to live in this city. We are glad to number this fine family among our friends.

Harvey M. Wisdom Dies At Sherman

Harvey Markham Wisdom, retired Justice of the Peace and ex-chief of police at Denison died Sunday at his home at Sherman after a year's illness. Funeral services were held Monday at 4 p. m.

Mr. Wisdom was chief of police at Denison for five years, and a Justice of the Peace for eight years. He was deputy tax collector at Sherman for several years and later was Justice of the Peace. He was a member of the Woodmen of the World and the Knights of Pythias. His only survivor is his wife.

Revival Meeting In Progress Here

A revival is in progress at the Church of the Nazarene, at 506 South Wilcox Street, and services are conducted every night at 8:30 o'clock by Rev. Lonnie Seay, Evangelist of McKinney. Mrs. F. O. Parr has charge of the singing. Rev. F. O. Parr, the Pastor, cordially invites the public to attend any or all services. The revival will continue all this week.

Miss Patty Ruffines of Plano visited in McKinney Monday.

More Than 1,000 Boats Aiding In Search For Subs

While more than a thousand fishing boats, yachts and other small craft, all privately-owned, are now aiding in the search for enemy submarines in the Gulf of Mexico, the Navy Department announced that more like craft are needed. Owners of boats on the coast and in the inland streams are contributing the use of their craft rapidly, it was reported in New Orleans. The sinking of four more Allied merchant ships Monday, one of them in the Gulf, has stirred the Navy to increase action and it is said that the small private boats cruising in the gulf have been of great assistance in detecting the presence of enemy undersea vessels.

Arkansas Man Is Anxious To Find Sister

In a letter to Mayor Tom W. Perkins and these papers, William Henry Looney, 1865 Rice Street, Little Rock, Arkansas, asks that he be given assistance in locating his sister, Mrs. Maggie Brown, or some of her relatives in this viciniy. She was formerly Miss Maggie Looney. He says it is very important that he find his sister as quickly as possible. He will appreciate any assistance given him in locating his sister.

Frisco Man Dies From Injuries When Attacked

Charlie Lane, about 40 years old, Janitor at the Frisco High School, died at 2:30 o'clock Monday afternoon at his home in Frisco from injuries received Tuesday night, June 16, when he was held up and struck over the head and robbed. The robbery occurred one block from his home and it was thought at the time that he sustained a fractured skull. The robber took a watch and a wallet from Mr. Lane, the latter containing several dollars.

Sheriff W. E. Button has been investigating the case ever since the robbery, but it was dark when Mr. Lane was held up and no one witnessed the crime. Mr. Lane was unconscious when found.

Mr. Lane had lived in the Frisco Community all of his life. He was unmarried. He is survived by his Mother, three brothers, M. M. Lane of Prosper; Sam Lane of New Mexico and Tom Lane of Frisco, and one sister, who lives in New Mexico.

Funeral services were held at 4 o'clock Tuesday afternoon at the Frisco Baptist Church. Interment followed in the Bethel Cemetery. Rev. T. H. McSpadden officiated. Mr. Lane was born in the Frisco Community and spent his entire life in that section.

Sherman Man Dies Of Injuries

Joe B. Keeling of Sherman, 36, electrical linesman, died Sunday at a Paris hospital from injuries sustained Wednesday in an accident at the Paris Army cantonment where he was employed on electrical installations. A PLEDGE FOR AMERICANS.

I am a citizen of the oldest republic in existence. I am proud of it.

I take pride in being a free citizen in a free society, but I know that the priceless blessings of liberty are not a heritage, but won afresh or lost by each generation.

I therefore pledge myself to all those Americans who have gone before me and to all those who will come after me to do my part and to pass on this freedom.

I will listen to no idle rumors.

I will repeat no destructive gossip.

I will support loyally and in friendship all the United Nations who are joined with us in this righteous compact to defeat the axis powers.

I know my country must win this war, and I will conduct myself as if I alone bore the responsibility for the victory of Democracy. In the words of a soldier of other days, "I will work, I will save, I will sacrifice, I will endure, will fight cheerfully and do my utmost as if the issue of the whole struggle depended on me alone."

I dedicate myself to this cause. I swear that to win it, I will make any sacrifice, however great, and perform any task, however humble.—New York Times.

County War Price, Rationing Board Members, Who Plan To Enter Politics, To Resign

Members and employes of county War Price and Rationing Boards who are engaging or plan to enter state or county political races will be asked to resign from the boards, Mark McGee, Texas, OPA director has announced.

"We in OPA appreciate the fine service these gentlemen have been giving, taking time from their personal business," he said, "but at the same time, it is important that no tinge of political flavor, of whatever faction, be given to the work of these war price and rationing boards.

"For that reason, we ask board members and board employes to take one of two alternatives: Either give up politics, for the durtion of their wartime service on these boards; or resign membership on a board, if a man feels his first duty is to make a political campaign."

Mr. McGee said a letter to this effect was being sent to all members of war price and rationing boards in the 254 counties of Texas.

"This rule applies not only to members of county boards," Mr. McGee added, "but also to any and all employes of the boards, whether they are volunteers or paid workers."

C. of C. Officials Strive To Get Onion Plant

A report on their trip to Washington, D. C., in the interest of the onion situation in Collin County was made at Friday afternoon's membership meeting of the McKinney Chamber of Commerce by President C. H. Ray.

President Ray and Secretary W. Hammond Moore recently spent several days in the capital city in an effort to secure a dehydration plant for McKinney, which could be used not only for onions, but for potatoes, carrots, and even alfalfa, and which would employ 200 people.

While they were not successful in bringing this plant to McKinney, they attempted to explain the onion situation to Washington officials, and as a result of their visit several army officials were here last week-end in regard to purchasing the surplus onion crop for the army. Secretary Moore said that since bids must be submitted and because the season is about completed this year, it doesn't appear as though the situation will be alleviated this year.

Mr. Ray reported that he and Secretary Moore received wonderful cooperation from Speaker Sam Rayburn while in Washington.

◆ ◆ ◆

Continue Efforts.

Messrs. Ray and Moore said that efforts will be continued to secure the onion dehydration plant for McKinney and that they are keeping contact with the government officials in Washington in an effort to get specifications changed for acceptance of the famous Bermuda onion for dehydration purposes. A total of 140 bushels of Collin County onions have been sent to Mr. Wilson's dehydration plant in Denton for experimental purposes.

County Agricultural Agent Jack McCullough discussed the efforts of the A. M. A. in buying onions in this county to relieve the surplus and explained some of the qualifications that must be met in marketing onions through this means.

W. B. (Bill) Finney, President of the Collin County Free Fair Association referred to a nation-wide request of government officials that state and county fairs be discontinued this year due to the tire rationing, after which the organization decided to dispense with the Fair this year. However, the matter is holding a livestock show was left up to the Collin County Pure Bred Livestock Association, which will take action tonight at the outdoor meeting of the Association at the home of Mrs. Ammie Wilson, near Plano.

A. H. Eubanks, Jr., retiring President of the Junior Chamber of Commerce, reported on Jaycee activities and introduced the new President, A. M. Scott, Jr. Mr. Eubanks told of efforts in the county to raise $5,000.00 for the U. S. O. campaign, of which he is County Chairman. The drive is lagging in the county and he appealed to everyone to help in the drive.

Those attending the meeting were: President C. H. Ray, Secretary W. Hammond Moore, Dr. P. D. Robason, W. B. Finney, G. D. Ledbetter, A. H. Eubanks, Jr., Dr. W. T. Hoard, Mayor Tom W. Perkins, H. W. Warden, T. E. Craig, Dr. R. L. Cowan, Mark Bailey, J. R. Wharton, A. M. Scott, Sr., A. M. Scott, Jr., Hal Dyer, Don O Davis, H. L. Shoap, Frank W. Smith, Prof. W. S. Smith, L. G. Kenyon, Chas. W. Graves, C. L Connor, H. S. Ware, Ramsey Harris, Chief Recer, A. M. Russell, H. H.Standley, Jack McCullough, F. D. Perkins, Gibson Caldwell, L. D. Robinson, and T. H. Hughston.

Sugar Rationing Division Will Be Closed Few Days

Members of the Price and Rationing Board of Collin County announced Tuesday that from June 30 to July 10 the sugar rationing division will be closed to the general public. This is done to give board members an opportunity to check records, file applications and ge their books up to date, after which the sugar division will be open as usual, beginning July 10. This is in line with actions of other boards throughout the state and nation.

Industrial sugar users, including cafes and boarding houses, must make application for two more months' supply of sugar by July 5, Joe E. Largent, Chairman of the Board, said Tuesday. They are urged to come to the second floor of the courthouse and attend to this matter at once.

Members of the Board, which has increased from three to seven members are: Joe E. Largent, McKinney, Chairman; Elton Riggs, McKinney; R. C. Fortner, Plano; Capt Wm. Watson, Frisco; Jack Carver, Farmersville; Dovie Stacy. Allen; and C. R. Osburn, Melissa.

H. H. Norwood, who has been ill with pneumonia at his home, 206 South Benge Street, was reported greatly improved Tuesday.

Mrs. Steve Noble and children, Stevie and Dana Lee, of Plainview, are visiting her parents, Mr. and Mrs. E. L. Daniels on North Church Street. Mrs. Noble will be remembered as Miss Mary Nan Daniels before her marriage.

Oil Companies Report 115,000 Pounds Of Rubber

Now that President Roosevelt has announced that the drive for scrap rubber has been extended

A total of 115,000 tons of scrap rubber has been collected in the McKinney area by the seven major oil companies in this city and vicinity, their officials report Tuesday. At the same time they announced they will continue the drive for scrap rubber until July 10, as requested by President Roosevelt.

to midnight, July 10, officials of all of the seven Major oil companies operating in the McKinney area declared they will gladly continue to cooperate with the Government and exert every effort to aid in the war effort.

Rubber is one of the most vital materials needed by all branches of the armed forces, the President explained Monday and said that the rubber-producing islands of the South Pacific are in Japanese hands and all supplies from the outside were cut off. A small amount is being shipped to the United States from Mexico and South America and arrangements are being made to produce synthetic rubber in great quantities but it will take time to get this under production of finished rubber for use in planes, ships, tanks, rubber lifeboats, observation balloons and other vital war equipment. At the same time, the President reminded the American people that a portion of the civilian population, persons employed in defense industries, must remain on wheels so that they can go to and from work without delay in the production effort. Non-essential driving, however, must be held to a minimum. Everything must be done to conserve rubber, as the situation is critical, said the Chief Executive. He called attention to the fact that the stock pile of rubber in the United States had fallen far short of the amount estimated and for that reason the drive will continue until July 10.

Starting Wednesday, he urged everyone to redouble their efforts, make another search of their premises, and send in every ounce of rubber they find, no matter how small.

Since last Wednesday the Boy Scouts of McKinney have been taking an active and enthusiastic part in the drive and have been systematically canvassing every home in McKinney. They have helped the housewives ransack their attics, cellars, garages and other places where scrap rubber might be found.

Arrangements are being made to ship the first carload of scrap rubber from McKinney to the nearest concentration point, either Dallas or Fort Worth, this week.

No reports have been received here this week from other points in Collin County but it is known that the scrap rubber drive has been carried on throughout the county, as well as in the McKinney area.

Collin County is doing its part to contribute all the old, worn-out rubber that it is possible to find.

Dues On Pecan Grove Cemetery Lots To Be Paid

Officials of the Pecan Grove Cemetery Association remind citizens here and elsewhere that dues on lots in McKinney's 'Silent City' should be paid by July 1. Payments should be made to Mrs. Frank W. Emerson, Treasurer, says Mrs. Lula Robinson, President.

Ed Kirkland Is 77 Years Young

Ed Kirkland, our long time friend who resides Northwest of McKinney, is celebrating another birthday, being 77 years young. Mr. Kirkland has lived in the county for sixty years and is well-known throughout the county, numbering his friends by his acquaintances. We join with the host of others who are extending congratulations to this fine gentleman and in wishing him many more such happy occasions.

Former Collin Woman Passes At Home Of Daughter

Mrs. Julia Ann Tompkins, formerly of this county, died at the home of her daughter, Mrs. Weyman Hyde, North of Floyd, Wednesday night. She was 77 years old. Funeral services were held at Merit, in Hunt County, Thursday afternoon.

Mrs. Tompkins, who was Julia Ann Millican before her marriage was born in this county near the Milligan Schoolhouse. She was a member of a pioneer Collin County family and was highly respected by a host of friends.

Among her survivors are a niece, Mrs. Leonard McGahee and a nephew, Russ Millican, both of McKinney.

Plano Pioneer Citizen Passes Away Friday Eve

Joe D. Strain, 76, died Friday night at his home in Plano. His lifeless body was found, sitting in a chair, by his sister, Mrs. L. R. Hendrix. Mr. Strain was born and reared in Collin County and was well-known throughout this county. His wife passed away five years ago. He was a son of Jim Strain, pioneer Collin citizen.

Surviving are three sisters: Mrs. Erickson and Mrs. L. P. Hendrix of Plano, and Mrs. Jennie Richards of California.

Funeral services were held at 4:00 o'clock Saturday afternoon at the Harrington Funeral Home in Plano, burial following in the Mutual Cemetery in that city.

20th Anniversary In City Of Drs. Green & Green

Drs. Walter and Arita B Green, Chiropractors, Thursday, June 25, celebrated their twentieth anniversary in McKinney. Drs. Green and Green are both graduates of the Texas Chiropractic College in San Antonio where they finished in 1922. Dr. Walter Green is a native Texan. During the twenty years they have lived in McKinney they have resided at the same location, 504 South Tennessee, where they have their offices and living quarters and have enjoyed a successful practice, being known for their services throughout the county and this section of North Texas.

Drs. Green and Green take an interest in the civic and social circles of the City and have a host of friends who are extending congratulations to them for having reached their twentieth anniversary of active service in their home community, and best wishes for continued success.

I. G. Golden And Wife Visit Son In Fort Worth

Mr. and Mrs. I. G. Golden and daughter, Inez, and Mrs. Vera Griffin and children drove over to Fort Worth Friday to see Mr. and Mrs. Golden's son, I. G. Jr., who was enroute to New York, from the Naval training base in San Francisco. I. G. has been in the Navy since January this year. He was being transferred to New York, and his train stopped in Fort Worth for only fifteen minutes. However, his parents were greatly pleased to see their son if for only a few minutes. They have another boy in the service, Walker, who is with the bombing corps in Australia. He also enlisted in January this year.

Window Display At Perkins Bros. Is Interesting

One of the most attractive patriotic displays in McKinney is that in the large show window of the Perkins Bros. Dry Goods Company on the South Side of the Square, of which Jeff Wharton is the able and genial manager. Most of the magazines published in the United States are featuring the American Flag on their front covers and several dozen of these are attractively arranged in the large show window of this progressive store. At the top of the beautiful dsiplay is the slogan "United We Stand For Victory," and other attractive signs, artistically surrounded by Old Glory appeal to the public to "Buy War Bonds," and "Buy War Stamps."

Native Collin Man Is Enjoying Visit In County

George Snider of Oklahoma City is visiting his brother, John Snider and family at Bloomdale. George Snider was born and reared in the Forest Grove Community in West Collin, and moved to Oklahoma City several years ago with his Mother and sisters. His father was John Snider, son of "Uncle" Jim and "Aunt" Jane Snider, well known Collin pioneers. He has been very successful in Oklahoma City. His many friends in McKinney and Collin County are very glad to see him again.

Doc Gatlin, well known merchant of Parker, was in the city on business Tuesday.

Mr. and Mrs. A. M. Lawson of Chambersville were in the city shopping Saturday.

John S. Pinion, Army Air Corps, Waco, spent Sunday afternoon with his aunt, Mrs. Mary E. Jackson in this city. Mr. Pinion was accompanied by Miss Dorothy Hawkins of Dallas, who was also a guest during the afternoon of Mrs. Jackson.

PATRIOTIC SCORE CARD IS SET UP AT PLANO; EMPLOY "LIVE AT HOME" PROGRAM

After the farm people said so many times, "I would like to be more patriotic, if I just knew what to do,' a group of farmers and their wives at Plano met with E. A. Randles, Vocational-Agriculture Instructor, and Mrs. A. C. Baccus, Homemaking Teacher at the Plano School, to set up a patriotic score card, with emphasis on a "live at home" program. It was agreed that gardens, milk, eggs, fruits and meats, so much for each person in the family, is to be provided for at home. Not only will this improve health but it will save tin in cans and provide more food for our soldiers and our Allies.

This score card also promotes conservation of tires, purchasing of defense bonds and stamps and rid premises of scrap iron and rubber. Each item is given so many points and every item is listed that is needed to make a well-balanced program on the farm, with 1,000 points possible. This card is to serve as a guage for what you are doing and what you can do to produce a living at home.

The Plano Business Men's Club is offering $50.00 in prizes for the three highest scores in July, 1943.

This should give ideas to other localities, said Mr. Randles Saturday.

CALL IS MADE TO WOMEN OF CITY AND COUNTY TO MAKE QUILTS FOR THE RED CROSS

A call is being made to women of the city and county to make quilts for the Red Cross out of the wool scraps at the Red Cross rooms. These scraps were left from the garments made the past year and can be made into string or patch quilts.

Quilting is a new department being added to the local Red Cross work room and a call is also being issued for someone to volunteer as chairman of this department.

Anyone who will make these quilts can call at the Red Cross room for the scraps or phone 126 and they will be delivered to you.

Baptist Women's Federation Name Year's Officers

Mrs. J. W. McMurry was guest speaker at the meeting of the City Federation of Baptist Women held Monday night in the First Baptist Church. Mrs. McMurry reviewed the current play "Watch on the Rhine" which she has given before a number of local social clubs and church organizations. As on the previous occasion she received a splendid hearing at this time and held her audience spell bound as she portrayed the different characters in the play. Mrs. McMurry is a dramatic reader of rare ability and won new laurels for herself with the splendid program she gave to the Baptist ladies and their guests Monday night. She was presented by Mrs. Herman White.

The Federation opened with a business session presided over by Mrs. W. S. Milton, while Mrs. John Greer gave the devotional. Mrs. Melbe Davenport delighted the guests with a vocal solo.

In the election of officers the following received the posts of duty:

Mrs. Milton, President.
Mrs. R. A. Clifton, First Vice President.
Mrs. H. J. Baxter, Second Vice President.
Mrs. John Green, Third Vice President.
Mrs. Herbert Gideon, Recording Secretary.
Mrs. H. C. Pope, Treasurer.
Mrs. Leonard Ray, Chairman County Farm Work.

The hostess church is to furnish the pianist and choirister for each meeting.

The enjoyable meeting came to a close with a short social period during which delicious refreshments were passed by the ladies of the host First Church.

Bag Worms Are Doing Damage To Cedar Trees

Bag worms are eating Cedar Trees everywhere. They should either be picked off or sprayed or dusted. If a spray is used, mix 2 pounds of arsenate of lead to 50 gallons of water, or 1 pound to 25 gallons, or 1-2 pound to 12 gallons. If dust is used mix 6 pounds of lime and 1 pound of arsenate of lead. If dusting is used put it on early in the morning while the due is still on the plants or spray the trees with water before dusting.

YOUR SUGAR RATIONING SCHEDULE

RATION PERIOD	Stamp Valid during ration period	Wt. Value of stamp
No. 5 (June 28 to July 26, 1942)	Stamp No. 5	2 pounds
No. 6 (July 27 to Aug. 22, 1942)	Stamp No. 6	2 pounds

Sugar Stamp Plan Is Changed

The value of sugar stamps 5 and 6 has been increased to two pounds each, but each stamp will cover four weeks instead of two, so the weekly ration for each consumer will remain at a half pound.

Stamp No. 4, now valid for the purchase of a pound, will expire at midnight, June 27, the office of Price Administration announced. No. 5 good for two pounds, may be used at any time up to July 26, and No. 6 will then be valid until August 22nd.

Under the new plan grocers will have fewer stamps to handle.

Gene Clark In The U. S. Army

Gene Clark of McKinney, who was employed by the Kenyon Grocery here, has volunteered in the army and is now stationed at Sheppard Field, Wichita Falls. He has been appointed to the Guard of Honor and has had honorary recognition for excellent target practice. He likes Army life fine and will remain at Sheppard Field indefinitely as a Drill Instructor.

Web Worms Are Eating Leaves Off Pecan Trees

Web worms are eating the leaves off Pecan Trees at the present time," says County Agricultural Agent Jack McCullough. "People who own pecan trees should look them over closely for the presence of worms. If worms can be reached, the twig they are on should be cut off and the worms destroyed. If they cannot be reached a pole with some rags placed on the end should be used. The rag is saturated in oil and set afire, and the worms burned out."

If one desires to spray he should mix arsenate of lead with water at the rate of two pounds of arsenate of lead to 50 gallons of water, or 1 pound to 25 gallons, or 1-2 pound to 12 gallons.

If one desires to dust he should mix 6 pounds of lime with 1 pound of arsenate of lead, Agent McCullough said.

WELL-TRAINED SOLDIERS.

PROOF THAT THIS NATION has the best-fed, cared for and well-trained army is contained in letters back home from McKinney and Collin County soldier boys, who are in the service, and in conversations with youths who are back home on visits. They invariably speak of the fine food and the fact that they are well trained and disciplined and are learning valuable lessons each day.

FREE FAIR WILL NOT BE HELD.

AS WAS TO BE EXPECTED the Collin County Free Fair officials have dispensed with this year's Free Fair, in line with a request of President Roosevelt asking that State and county fairs not be held this year due to the tire rationing program. Livestockmen have not yet decided whether or not they will hold a livestock show here this year.

ROTARY OFFICERS.

CONGRATULATIONS TO DR. M. S. Minton, newly-installed President and other officers of the McKinney Rotary Club. Like his predecessors, Lyman D. Robinson, he is expected to make the Rotarians an excellent President.

LIVESTOCKMEN.

LIVESTOCKMEN AND THEIR families continue to talk about that splendid barbecue and meeting held Saturday night at the home of Mrs. Ammie Wilson, West of Plano. Mrs. Wilson, noted South Collin sheep raiser, is one of the most gracious hostesses in the county. We are glad to number her among our friends.

THOUGHTS ON THE WOMAN'S ARMY.

Mother is a Colonel,
Sis wears Major's bars;
Auntie is a sergeant,
Grandma wears some stars;
Jennie's a lieutenant,
So are Nell and Liz;
Johnny's quite dejected—
A private's all he is!

Soldiers Injured When Train Hits Burned Bridge

Aviation cadets were among the passengers on a Westbound Santa Fe train that crashed into a burned bridge near Parker, Arizona Friday and twenty of the injured soldiers were given first aid at Parker. Both the Army and the FBI are investigating the crash as sabotage is suspected. The engineer and firemen were killed and a number of passengers, including the twenty Cadets, were injured. The train was bound from Phoenix, Arizona to Cadiz, California. The two Pullmans of the train did not leave the tracks, but the soldier passengers in them were considerably cut and bruised, but not seriously hurt.

Mary Francs Cox has returned to her home in Fort Worth after a week's visit with her aunt, Mrs. J. M. Foster and family here.

Cub Packs For Boys Will Be Organized Here

Scout Organization Committee Of Collin County, Headed By Jim Cantrell, Begins City - Wide Campaign.

The Boy Scouts Organization Committee of Collin County, headed by Jim Cantrell, has launched a city-wide campaign to organize Cub Packs for boys from 9 to 11 years of age. Mr. Cantrell and his committee will hold a meeting with parents of boys of those ages in the District Courtroom Thursday night, July 2, at 8 o'clock. This meeting is called at the suggestion of the various churches in McKinney where boys of Cub age are attending. In some of these churches the boys have been holding meetings but they have not yet organized. They want to become affiliated with the Boy Scouts of America, Mr. Cantrell said.

Cubbing has been described by many educators as one of the important educational movements among young boys fostered by the Boy Scouts of America.

Clyde Doyle and Truman Webster, the latter being the Scout Field Executive of this area, will attend the meeting Thursday night to help explain the work of Cub Scouts to the parents.
